**Centennial, CO – October 30, 2013** – National CineMedia, Inc. (NASDAQ: NCMI) (the Company), the managing member and owner of 47.2% of National CineMedia, LLC (NCM LLC), the operator of the largest digital in-theatre network in North America, today announced consolidated results for the fiscal third quarter ended September 26, 2013.

Total revenue for the third quarter 2013 decreased 6.0% to \$135.1 million from \$143.7 million for the comparable quarter last year. Adjusted OIBDA decreased 9.9% to \$76.7 million for the third quarter 2013 from \$85.1 million for the comparable quarter last year. Adjusted OIBDA decreased 9.9% to \$76.7 million for the third quarter 2013 from \$85.1 million for the comparable quarter last year. Net income for the third quarter of 2013 was \$13.7 million, or \$0.24 per diluted share, compared to net income of \$16.7 million, or \$0.30 per diluted share for the third quarter of 2012. Excluding the charges for derivative related items, swap terminations and write-off of debt issuance costs, net income for the third quarter of 2013 would have been \$14.4 million, or \$0.25 per diluted share, compared to \$16.9 million, or \$0.31 per diluted share for the third quarter of 2012.

For the nine months ended September 26, 2013, total revenue increased 2.2% to \$340.1 million compared to \$332.9 million for the nine months ended September 27, 2012. Advertising revenue for the nine months ended September 26, 2013 was \$318.2 million, an increase of 4.1% from \$305.6 million for the comparable period last year. Fathom Events revenue decreased 19.8% to \$21.9 million for the nine months ended September 26, 2013 was \$318.2 million, an increase of 4.1% from \$27.3 million for the comparable period last year. Excluding the charges for derivative related items, swap terminations and write-off of debt issuance costs, net income for the first nine months of 2013 would have been \$24.7 million, or \$0.44 per diluted share, compared to \$22.8 million, or \$0.42 per diluted share for the first nine months of 2012.

The Company announced today that its Board of Directors has authorized the Company's third quarter cash dividend of \$0.22 per share of common stock. The dividend will be paid on November 27, 2013 to stockholders of record on November 13, 2013. The Company plans to pay a regular quarterly dividend for the foreseeable future at the discretion of the Board of Directors dependent on available cash, anticipated cash needs, overall financial condition, future prospects for earnings and cash flows as well as other relevant factors.

"As expected, current quarter revenue was lower than 2012, as higher Q3 2013 local and Fathom revenue could not offset the record national campaign of one of our clients that represented 19% of our Q3 2012 national revenue," said Kurt Hall, National CineMedia's Chairman and CEO. Mr. Hall continued, "Despite the lower Q3 national revenue, it was more than offset by our strong first half revenue growth that resulted in record nine month revenue and Adjusted OIBDA for our Company."

Mr. Hall concluded, "This nine month growth reflected the broadening and diversification of our client base, that while negatively impacting our national CPMs, created a broader base of clients that will use our network for more than product launches. We also benefited from the continued expansion of our network reach that is improving our competitive positioning against other local and national advertising networks."

#### **Supplemental Information**

Integration payments due from Cinemark and AMC associated with Rave Theatres for the quarter and nine months ended September 26, 2013 were \$1.0 million and \$2.1 million. There were no integration payments during the comparable periods in 2012. The integration payments were recorded as a reduction of an intangible asset.

#### 2013 Outlook

For the fourth quarter of 2013, the Company expects total revenue to be in the range of \$115.0 million to \$125.0 million, or a decrease of 1% to an increase of 8% compared to the total revenue for the fourth quarter of 2012 of \$115.9 million, and Adjusted OIBDA to be in the range of \$58.0 million to \$68.0 million, or a decrease of 1% to an increase of 17% compared to the Adjusted OIBDA for the fourth quarter of 2012 of \$58.3 million. The Company expects to be at the lower end of this revenue and Adjusted OIBDA range for the fourth quarter of 2013.

For the full year 2013, the Company reaffirms its outlook of total revenue in the range of \$455.0 million to \$465.0 million, or an increase of 1% to 4% compared to total revenue for the full year of 2012 of \$448.8 million, and reaffirms its outlook of Adjusted OIBDA in the range of \$230.0 million to \$240.0 million, or an increase of 4% to 8% compared to Adjusted OIBDA for the full year of 2012 of \$221.2 million. #### NATIONAL CINEMEDIA, INC. Non-GAAP Reconciliations Unaudited

#### OIBDA, Adjusted OIBDA and Adjusted OIBDA Margin

Operating Income Before Depreciation and Amortization ("OIBDA"), Adjusted OIBDA and Adjusted OIBDA margin are not financial measures calculated in accordance with generally accepted accounting principles (GAAP) in the United States. OIBDA represents consolidated net income (loss) plus income tax expense, interest and other costs and depreciation and amortization expense. Adjusted OIBDA excludes from OIBDA non-cash share based payment costs. Adjusted OIBDA margin is calculated by dividing Adjusted OIBDA by total revenue. These non-GAAP financial measures are used by management to evaluate operating performance, to forecast future results and as a basis for compensation. The Company believes these are important supplemental measures of operating performance because they eliminate items that have less bearing on its operating performance and so highlight trends in its core business that may not otherwise be apparent when relying solely on GAAP financial measures. The Company believes the presentation of these measures is relevant and useful for investors because it enables them to view performance in a manner similar to the method used by the Company's management, helps improve their ability to understand the Company's operating performance and makes it easier to compare the Company's results with other companies that may have different depreciation and amortization policies and non-cash share based compensation programs, or different interest rates or debt levels or income tax rates. A limitation of these measures, however, is that they exclude depreciation and amortization, which represent a proxy for the periodic costs of certain capitalized tangible and intangible assets used in generating revenues in the Company's business. In addition, Adjusted OIBDA has the limitation of not reflecting the effect of the Company's share based payment costs. OIBDA or Adjusted OIBDA should not be regarded as an alternative to operating income, net income or as indicators of operating performance, nor should they be considered in isolation of, or as substitutes for financial measures prepared in accordance with GAAP. The Company believes that consolidated net income is the most directly comparable GAAP financial measure to OIBDA. Because not all companies use identical calculations, these non-GAAP presentations may not be comparable to other similarly titled measures of other companies, or calculations in the Company's debt agreement.

The following table reconciles consolidated net income to OIBDA and Adjusted OIBDA for the periods presented (dollars in millions):

# Net Income and Earnings Per Share Excluding Derivative Related Items, Swap Terminations and Debt Issuance Costs

Net income excluding derivative related items, swap terminations and debt issuance costs and earnings per share excluding derivative related items, swap terminations and debt issuance costs are not financial measures calculated in accordance with generally accepted accounting principles (GAAP) in the United States. Net income excluding derivative related items, swap terminations and debt issuance costs and earnings per share excluding derivative related items, swap terminations and debt issuance costs and earnings per share excluding derivative related items, swap terminations and debt issuance costs are calculated using reported net income and earnings per share and adding back the charge related to the change in derivative fair value, amortization of terminated derivatives, loss on swap terminations and other non-operating expense. These non-GAAP financial measures are used by management as an additional tool to evaluate operating performance. The Company believes these are important supplemental measures of operating performance because they eliminate items that have less bearing on its operating performance and so highlight trends in its core business that may not otherwise be apparent when relying solely on

GAAP financial measures. The Company believes the presentation of these measures is relevant and useful for investors because it enables them to view performance in a manner similar to a method used by the Company's management and helps improve their ability to understand the Company's operating performance. Net income excluding derivative related items, swap terminations and debt issuance costs should not be regarded as an alternative to net income and earnings per share excluding derivative related items, swap terminations and debt issuance costs should not be regarded as an alternative to earnings per share or as indicators of operating performance, nor should they be considered in isolation of, or as substitutes for financial measures prepared in accordance with GAAP. The Company believes that net income and earnings per share are the most directly comparable GAAP financial measures. Because not all companies use identical calculations, these presentations may not be comparable to other similarly titled measures of other companies.
